## **Web Developer I**

Dutch Bros - Oregon

\$69,487 - \$93,385 a year

It's fun to work in a company where people truly believe in what they are doing. At Dutch Bros Coffee, we are more than just a coffee company. We are a fun-loving, mind-blowing company that makes a difference one cup at a time.

### **Being part of the Dutch Family**

You are adaptable, a servant leader, and community-minded. You view yourself as an unfinished product on the constant pursuit of personal and professional development. We rely on our people to uphold our core values of speed, quality, and service to protect our culture and ensure our growth remains limitless!

### **Dutch Bros mission statement**

We are a fun-loving, mind-blowing company that makes a massive difference one cup at a time.

### **Who we are**

Dutch Bros puts people first in everything we do. Joining our team gives you the opportunity to build a compelling future while making a massive difference in the lives of our customers and communities.

We love people and we love OUR people! Here's what we offer

Here at Dutch Bros, we want our employees to feel valued, and we recognize there's more to value than a salary. The following benefits and perks were hand-picked to cater to our diverse employee base:

- Medical/Dental/Vision/Short Term Disability/Life insurances
- Paid Sick Days
- 401(k) plan with employer match after one year of employment
- Education Benefit Program
- Vacation/Floating Holidays/Paid Time Off
- Paid Parental Leave
- Flexible Schedule
- Paid Volunteer Days
- Various employee discounts
- Office perks, such as hi-lo desks, snacks provided daily, casual dress code, and an in-house coffee bar with a dedicated Broista

**Position Overview:**

The Web Developer I is responsible for programming on specific application subsets of Dutch Bros' application portfolio, participating in all phases of the development and maintenance life cycle, and utilizing various customer technology platforms.

**Key Result Areas (KRAs):**

Support customers and applications in production:

- Respond to new website-related tickets within 24 hours and resolve as quickly as possible.
- Gather feedback from users, design and technical staff on website development needs.

Develop features on Web Application Development Projects:

- Participate in Daily Standups, Sprint Planning and Agile Development Process.
- Work with RESTful API's as well as other types of API's with third parties.
- Determine browser inconsistencies and develop methods of overcoming them.
- Work with the team to develop and deliver features based on requirements.

Successfully collaborate and engage with team and our partners in an Agile Development Process:

- Builds user interface applications and works with backend databases using various programming and scripting languages.
- Creates technical methodologies for engineering solutions to web-based development problems.
- Provide creative vision as well as managing the planning and implementation of web-based applications.
- Coordinating and communicating cross-functional activities among product development, marketing, product management, and other teams in bringing new applications online.

**Job Qualifications:**

- 2 years of multi-platform experience required
- AA in a related field, or 2 years additional experience required
- Expert-level experience with business and technical applications
- Experience with large-scale external facing web applications
- Strong level of understanding and experience of templating and working with platforms like Drupal, Django and Shopify
- Essential skills include Javascript, CSS3, HTML5, XML, MVC, SQL, GIT or SVN
- Proficiency in Web Services (SOAP/REST), SOA concepts, Web Front End and Object Oriented Programming
- Strong experience in JavaScript frameworks VueJS, React etc.
- Experience in SQL Server or other RDBMS such as Oracle, SQL Server, MySQL or Postgres

**Competencies:**

- Adaptable

- Budgetary Responsibility
- Collaborative
- Communication
- Effective Prioritization
- Functional and Tech. Expertise
- Initiative

**Physical Requirements:**

- Occasional lifting up to ten pounds
- Must be able to work in a climate-controlled office environment
- Vision must be good, or corrected to normal, to perform normal job duties
- Hearing must be good, or corrected to normal, to have the ability to understand information to perform job duties
- Ability to read and write in English in order to process paperwork and follow up on any actions necessary
- Sitting for extended periods of time
- Manual dexterity needed for keyboarding and other repetitive tasks
- This position is eligible for remote work within any state Dutch Bros currently resides in

**Compensation:**

**\$69,487.40 - \$93,385.25**

If you like wild growth and working in a unique and fun environment, surrounded by positive community, you'll enjoy your career with us!
